BLUEVOLT™ CZ1 ZERO TURN

KEY FEATURES

- Stationary Vanguard® Lithium-ion 48V / 3.5kWh Battery
- Maple Transmission for a quieter operation
- Suspension Comfort System for smooth, comfortable mowing
- Key Ignition for quick start-up
- Cut & Sew 15" Seat w/ Armrests for long lasting comfort
- Foot operated height-of-cut easily lifts the mower deck
- Touchscreen operation to show run time, battery life and more
- Charge time: 3.5 hours
- Run Time: Up to 2 hours or 3.5 acres
- Customizable Speed to conserve battery consumption
- Steel Rear Bumper for enhanced protection
- 70% Quieter than gas mowers*
- 3-Year Residential / Battery Warranty**

* The sound power was measured with a hemisphere of 12 microphones at a distance of 4 meters from the centerline of the lawnmower. The microphones are calibrated before and after each test session. The sound pressure was recorded and averaged for a 10 sec interval. The ambient conditions (air temp., barometric pressure, & humidity) of the chamber were recorded before and after each test configuration.

** See operator's manual for complete warranty details. Length of engine warranty coverage varies by manufacturer.

ALLIED ATTACHMENTS & ACCESSORIES

Following is a list of manufacturers that provide attachments and accessories that may be compatible with Simplicity® lawn and garden tractors.

Because of the large number of items available, we are not able to review their compatibility, performance and design like we do with our standard attachments.

Dealers are requested to make their own contact and arrangements with the manufacturers listed. It is the **dealer's** responsibility to work with the attachment manufacturer to determine the suitability of an attachment's use with the product, both from a safety and reliability standpoint. Upon contact with attachment manufacturers, make certain warranty, parts and service issues are covered.
